**RE: Change in Leadership Structure**

Dear Snowflake Families,

From January 2023, there is a slight shift in the leadership structure of the school. Jody Tranter, previously our Deputy Head, now has the role of Head of School and is therefore in charge of the day-to-day running of the school, including safeguarding, HR, health and safety and recruitment matters.

I remain as Headteacher and retain strategic oversight of school development, teaching and learning and the training and line management of Early Career Teachers and Therapists.

In terms of how the school feels and runs, you should notice very little (if any) difference. Please be assured that the vision and values of Snowflake School remain the same as ever, and this internal change will make no difference to the quality of education pupils have always and will continue to receive.

With my best wishes for a happy and healthy 2023,

Kerry Sternstein  
Headteacher
