

# Snowflake School

## 'Improving the quality of family life'

### Newsletter -June 2011

#### Emily's Birthday:

On 10<sup>th</sup> June we held a party to celebrate Emily's 12<sup>th</sup> birthday. Emily chose lots of songs for us all to dance to and we had a wonderful party.

#### School Journey Reminder:

We're looking forward to our Legoland day trip on 7<sup>th</sup> & 8<sup>th</sup> July and for 8 of our pupils the overnight stay at Blue Peter Log Cabin, Sunbury. We have shared photos of the Log Cabin with the children and you will find a photo sheet attached to this newsletter so you can talk about the trip with you child. *If you have any questions please contact Jayne on 0207 370 3232*

#### Sport Day Reminder:

**Sport Day: 13<sup>th</sup> July at 10 am**

**We will meet at school to go to NEVERN GARDEN for the fun and games.**

#### London Transport Museum:

On the 24<sup>th</sup> June we visited the London Transport Museum. We explored all the exhibits, looked at both old and new cars, bikes, buses and trams and enjoyed trying out all the interactivational games. It was a great adventure and gave us lots to talk about.

### School Website:

We are in the process of up -dating our school website to make it more informative, interesting and easier to access. Our new Parents Handbook is also available to download. Just go to: [www.snowflakeschool.org.uk](http://www.snowflakeschool.org.uk) to view the changes.

Many thanks to Kayvan Akhavan (Fay's husband) for all the hard work, time and effort he has put into this project.

### Bike training:

We have started our bike training sessions with Sarah every Wednesday. We all love these sessions and continue to make good progress with our bike riding skills whilst staying fit.

### Oratory School (PE)

Our PE sessions at The Oratory provide us with lots of ways to keep fit; basketball, rowing, running and bike sessions. Our secondary pupils have been accessing the gym equipment which is really helping our coordination as well as being great fun.

### Forging Links with St. Barnabus Primary School:

I have been meeting with staff from St Barnabus School, just across the road from us, to discuss and plan for the development of partnership sessions with them to provide play and social interaction sessions for our younger pupils. These sessions will start in the Autumn Term and will enable both our pupils and their pupils to extend their learning in new, exciting ways. I will keep parents informed as sessions are planned and organised.

*Kind regards, Jayne*

### TESCO and SAINSBURYS VOUCHERS

#### **Many thanks for ALL your support**

in collecting these vouchers. We collected an amazing 11,705 Tesco vouchers and 13,476 Sainsbury's vouchers. This has allowed us to order a range of PE, art, play and cookery resources that we really needed.
